

Beechwood September 2017

Dear Parents,

We're so glad your child is joining us for an exciting year of fun and learning at the Beechwood School. Back to School Night will be Sept.12th, times to be posted on the parent board. We will be discussing things that follow in this letter, as well as additional information regarding your child's school year. Hope to see you there!

Please label all clothes, backpacks, etc. that the children bring into school. Please send in a change of clothes in a large ziplock bag in case of any accidents.

Children who stay for nap should have a crib-size blanket, travel size pillow and a small stuffed animal in a backpack that will remain in school all week.

We will start our year exploring shapes and colors. The first full week of school we will begin studying red, blue, circles, and squares. Feel free to send in healthy snacks that fit the colors or shapes we are studying. Please encourage the child to wear the color as much as possible during that week and find pictures of objects that coincide with the shape. The children's Show & Share should also follow each week's theme. The color and shape will be posted outside our classroom, as well as your child's Show & Share day.

To help your child adjust to their new surroundings, please give them a cheerful kiss and leave promptly so your child may start their day.

We're looking forward to a good year!

Sincerely,

Pat Ranshaw & Bettyann Cloak
