

Beechwood School

Welcome to Class 5

September 2017

Mrs. Emily Angevine and Mrs. Kathi Schmincke

We are so excited to start a new school year with your children! This is an important year for them to learning basic skills they will need for kindergarten. We will also do our best to instill them with the confidence and independence they will need for the future. Your children will gain knowledge by learning about the world outside of their home from their teachers, peers, and their school community.

This month, we will be observing your child in order to understand their individual learning style. This is important for us in planning activities and teaching in small and large groups. Throughout the year we will be working on projects as a whole class and individually.

September Expectations
