

Dear Families,

April 1, 2018

Spring is finally upon us and hopefully warmer temperatures and sunny skies as well. We have an exciting month ahead that will certainly have the children discovering and exploring their environment.

The Haddonfield Police Department will be making a special visit to Beechwood on Monday, April 9th. Students will have an opportunity to learn about the duties of a police officer, how they protect us and keep our neighborhoods safe. Another exciting event is Beechwood's annual art show that will be held April 25th and 26th. Families are welcome to visit their child's classroom to view the beautiful works of art they created.

We will continue exploring shapes, colors, numbers and letters through exciting sensorial activities during the month of April. Students will exercise handwriting skills by learning to write their first names. In honor of spring's arrival, children will explore the life cycle of a butterfly as well as learn how to care for one. Students will also create and care for their own colorful garden.

As always, feel free to reach out with any questions or concerns regarding your child.

Sincerely,

Miss Dana and Miss Colleen
