

# THE BEECHWOOD SCHOOL

## January Newsletter 2019

Welcome back we hope everyone had a great winter break! Winter is here so please remember to label any *new* coats, hats or mittens with your child's name.

January will be a busy month. We will begin with our snow theme making snowflakes and snowmen and end the month learning about stars and the moon. We will review shapes and make shape rockets and learn about Martin Luther King Jr. and Astronauts.

The week of January 7<sup>th</sup> we will begin Show and Share where each child will have an opportunity to bring in something from home to show the class. It must fit in the cubby or backpack (the item will be return to cubby or backpack after Show and Share). The schedule was sent home in December and is also posted outside of the classroom.

We will continue to go over the letters in our first name and flip our name card to reveal our last names this month. We have fun songs and games planned. We have an experiment planned with melting ice, and a snowman craft we can eat! We can't wait to start the fun!!

Best Wishes for a Happy Healthy New Year!

Mrs. Dee
