

# September

Welcome to an exciting school year. **Back to school night is on Monday the 16<sup>th</sup> at 7:00.** We have started our morning binders and morning reading. This month we will be getting to know each other through fun math and reading activities. Look around the room; we are collecting data about each other and graphing our findings.

Along with these exciting themes we will be learning our color words. (Starting September 9<sup>th</sup>). The students will be doing many different types of activities that will help us learn how to read and write the color words. There will be certain days that I ask that the students to come to school dressed in the color of the day.

Tuesday 9- Red Day

Thursday 11- Orange Day

Monday 16- Yellow Day

Wednesday 18- Green Day

Friday 20- Blue Day

Tuesday 24- Purple

Thursday 25- Rainbow day (wearing a bunch of different colors)

We will be making some tie die shirts for rainbow day! Please send in a change of cloths for your child (shirt, pants, socks and underwear). Place them in a zip lock bag with their first and last name on that. Also make sure that all your personal belongings are labeled with the first and last name as well.
