

The Beechwood School

Class 2

February Newsletter

Happy February, we are spreading the love this month in class 2. We will start the month with friendships, lots of caring, sharing and conversation. Lots of hearts for Valentines Day of course and we will briefly discuss Groundhogs Day and Presidents Day. February is National Children's Dental Health Month, so we will be learning how to love our teeth.

As we have reached the halfway point in our year, we will begin to introduce some new skills. We will begin to practice with scissors and cutting paper. We will work on recognizing all the letters in our name. Please note that we work daily on recognizing the letters and numbers in our classroom environment.

We will be having our Valentines Day party on **February 13th** **all are welcome to join**, there is a sign up sheet for treats in our hallway. If you plan on sending in valentine cards please do not put the students names on them, it makes it easier to hand them out if they are blank.

Other important dates:

School book fair **February 10th-14th**.

School is closed **February 17** for Presidents Day.

Phil has predicted an early spring, but we may still have cold days please be sure to dress your children appropriately. During winter months they should always have a hat and gloves, please have everything labeled first and last name.

Thank you

Ms. Sloma and Mrs. Romero
