

Beechwood School  
Class 3  
March 2020 Newsletter

Our class is doing a great job learning the Alphabet! Each time we begin a new letter, we go over the sound(s) it makes and try to come up with words and names that begin with the letter. The students are also very enthusiastic about the opportunity to fill the Letter Bucket and to be the Star Student. A big thanks to our parents for helping them complete their stars and fill the bucket! Also, it has been fun having parents and grandparents to come in and read a special book or do crafts with us!

Our Parent/Teacher conferences will be held the week of March 9. Most conferences do not take up the allotted 15 minutes. Should you have any particular concerns that may require additional time, we will do our best to accommodate your needs without interfering with the time of other parents.

Two things to note this month: The teachers in the school have revisited the subject of toys from home and we would now ask you to limit your child bringing their own toys from home unless they are a stuffy for nap or a Show and Share item; if they do bring in something in the morning, we will place them directly in their cubby. This is to cut down on "lost" toys in the classroom and arguments over special toys from home. Also, in honor of Read Across America we are focusing on the Very Hungry Caterpillar by Eric Carle and as a school we will be creating our own caterpillar in the upstairs hallway made up of special construction paper circles that we will be sending home. We ask that as you read a story (any storybook) to your child that you write the name of the book on it and send it back to be added to our growing caterpillar. Further information will be forthcoming.

Please feel free to supply a different change of clothes for your child as they have all certainly grown over the last few months. Please label spring outerwear and remember that the children should wear sneakers and socks to ensure their safety on the playground. We are all looking forward to nice spring weather!

Happy Spring !
