

Beechwood School
Class 2
October Newsletter

Wow! We have completed almost a whole month of school! October is here and the children are settling into our classroom routine. They have made lots of friends already, goodbyes are getting a little easier and the children are enjoying coming to school a little more each day.

We are continually working with the children on recognizing their name, and counting. We will review all colors, with a focus on Orange and Black and our focus shape is Rectangle this month. We will start the month with community helpers, which will carry us into fire prevention week. This year's theme is in the kitchen so we will be talking about how to stay safe in the kitchen. We will end October with a farm unit, we have spent some time on apples and will be talking about pumpkins, scarecrows and corn. And who can forget Halloween, witches, bats and all of the spooky things.

I have signed our class up for the scholastics book club. Each month you will receive a book order form. Attached is a flyer with our class code and directions to order books online. Orders will be placed on the 15th of each month. All of the information will be posted on class dojo as well.

We will be having back to school night on the 14th at 7:30. We ask that only one parent attend as it is in person and there is limited space. Also we are attempting to have conferences the week of the 19th. I will be sending a sign-up sheet through email once I have more information. Our Halloween party will be on the 30th, it is unclear at this time if we will have a parade, but we will have a party for the students on that day. There will be more information on this to come.

Ms. Sloma and Miss Colleen
