

June Newsletter

Mrs. Rutkowski
Ms. Janine & Miss Vicki
Beechwood School

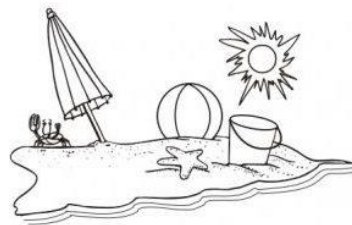

Can you believe it's June? I guess time really does fly when you're having fun. We have had a lot of fun this year and we're not finished just yet. We will have a few fun lessons on such units as the Ocean, the Jungle, and of course, Father's day.

We have a few June Birthdays and then on Friday, June 11 we will have our Summer birthday party. I will email the summer moms directly.

It really has been quite a year and I speak for myself as well as Janine & Vicki when I say it has been a good one as well. Thank you all for entrusting your child to us. We sincerely hope they have enjoyed learning from us as we have in teaching and engaging with them.

One last thing I implore that you consider NOT discussing "next" year with our little ones as time is still not a tangible concept and is far off to them. As well as not all the children will move onto Kindergarten and this also isn't useful info for them at this time. Let's stay in the present. Thank you for helping.

Have a
safe summer!

happy and
